TONY ORRELL,
JIM BARR:
DEEP SEE (FMRC217-0207)**

Paul Dunmall
(tenor/soprano saxophones),
Jim Barr (bass),
Tony Orrell (drums)

This tremendous improvised trio recording features improv sax giant Paul Dunmall in yet another exchange of musical ideas with specially selected and equally vocal musicians. Jim Barr and Tony Orrell provide a top-notch rhythm section, and whether providing the stunning backdrops for Dunmall's twisting horns or coming forth with their own strong bass and drum voices, this is a stunning trio performance.

Deep See is another quality recording for Paul Dunmall's sonic adventures on FMR.
