

**PLAYING is a privilege!
Observing beauty within everything!
Resonance!**

In 2014 Michel Lambert and I toured in Poland, Russia and the UK. We stopped by Birmingham, Newcastle, Hadley and London. I have the good habit of recording all my concerts and year after year it has been very gratifying. FMR Records has already published five fantastic albums from our previous peregrinations.

This time we are happy to release this amazing live recording from The Vortex Jazz Club with acoustic bassist John Edwards and legendary pianist Steve Beresford PLAYING with Michel and I.

OUTgoing is, above all, music of absolute spontaneity and pure joy!
